JWT, Bcrypt

Documentation & Testing: Swagger, Postman, Jest (basic)

DEVOPS & TOOLS:

Git, GitHub Actions, Vite, Docker (basic), CI/CD, AWS, Vercel, Render

Experience with AI coding assistants (GitHub Copilot, ChatGPT) to improve automation and productivity.

SOFT SKILLS

Problem-solving

Teamwork

Adaptability

Leadership

Fast Learner

LANGUAGE SKILLS

Spanish (Native)

English (Fluent)

SUMMARY

Junior Full Stack Developer (MERN: React, Node.js, Express, MongoDB) experienced in building REST APIs with JWT authentication, Swagger documentation, and responsive UIs in React. Skilled with SQL and NoSQL databases (MySQL, PostgreSQL, MongoDB), deployments on AWS, Vercel and Render, and tools like Git, Docker and CI/CD pipelines. I enjoy solving problems with clean, maintainable code and collaborating in cross-functional, international teams. With 10+ years of experience in audiovisual production, I bring strong communication, leadership and creativity into every project.

WORK EXPERIENCE

Valencia Innovation Capital(Valencia June - July 2025)

StartApp: React · Redux · Ant Design

- Collaborated with a cross-functional team (Full Stack + Data Science) to deliver a web app for Valencia Innovation Capital & Valencia Startup.
- Integrated custom APIs to display 50+ startups and 20+ mentors, building dynamic galleries, contact cards and modals.
- Implemented AI-driven event scheduling and startup queries, reducing setup time and improving user interaction.
- Designed a modular, thematic UI with Ant Design, providing a scalable and engaging user experience.

PatitApp — (Valencia May - June 2025)

Social Network for Pets (MERN + Redux Toolkit)

- Built a full-stack social network with auth, protected routes, posts, likes, comments and follow/unfollow features, enabling real-time interaction between users.
- Integrated image upload (Ant Design + FormData + Multer) to allow pets' photo sharing, improving engagement.
- Managed global state with Redux Toolkit, ensuring predictable behavior and smooth UX; frontend deployed on Vercel, backend on Node/Express.

As a filmmaker

May 2014 – February 2025 (BSV Production Valencia - Moxy U.S)

- Directed, Filmed and edited commercials, promos and corporate videos for clients in Spain and United States. Managed end-to-end productions, working closely with creative teams. Official videographer for Queen Letizia during Red Cross events in Valencia.
