FULL STACK DEVELOPER

Carlos Ramos Garcia

PROFESSIONAL PROFILE

Full Stack Developer with a background in commercial production for clients including Apple, MSC Cruises, and Snapchat. For 11 years I delivered complex projects on deadline, managed teams of up to 10 people, and handled international budgets now I do the same in code. I transitioned into development in 2025, completed a full stack bootcamp, and have since shipped a live SaaS with Stripe payments and real-time AI voice sessions, a production-grade REST API, and a mobile app for a client currently in advanced testing. EU citizen based in Zurich. C1 English.

TECHNICAL STACK

FRONTEND	React	Next.js	TypeScript	Redux Toolkit	Tailwind CSS	shadcn/ui
BACKEND	Node.js	Express 4&5	REST APIs	MVC		
DB & AUTH	PostgreSQL	MongoDB	Prisma	Clerk	JWT	Stripe
DEVOPS	Git / GitHub Actions	Docker	AWS	Vercel		
AI TOOLS	Claude Code	OpenAI Codex	Vapi	Prompt Engineering		

PROFESSIONAL EXPERIENCE

- NorthStar

TestFlight applestore

2025 - Present

Full Stack Developer, Mobile App / AI Wellness, Zürich-Valencia

- Full Stack mobile app published on the Apple App Store. AI-powered nervous system regulation platform with 3 daily check-ins, personalized practice generation and weekly behavioral tracking
 - React Native, Expo SDK 56, TypeScript, Expo Router, Zustand, Supabase Storage. Backend: Node.js REST API on Render with extended timeouts for AI generation
 - 20-question behavioral calibration onboarding, animated SVG stats rings, push notifications (Expo), EN/ES i18n, dark/light theme system, EAS production build pipeline

★ End-to-end delivery: complete auth flow, avatar upload, JWT security and role-based access control. Pre-launch with 3 active beta testers.
- RViewer

Jan 2026 - Feb 2026

Full Stack Developer, SaaS / EdTech, Valencia

- Design and development of an AI-powered interview practice SaaS (architecture, auth, payments, DB in production)
 - Secure auth with Clerk, middleware-protected routes and role-based access. Stripe payments with embedded checkout, webhooks and freemium model
 - PostgreSQL with Prisma 7 on Neon for interviews, transcripts and payments. Real-time AI voice sessions with Vapi

★ Live product with 10 active users. Shipped in under 6 weeks: landing page, dashboard, Stripe payments and real-time AI voice interviews. rviewer-hazel.vercel.app
- Nexus API

(Personal Project)

Oct - Dec 2025

Full Stack Developer, Backend / Gaming Social Network, Valencia

- Production REST API in TypeScript with Express 5 · Multi-layer security: Helmet, HPP, rate limiting, JWT and bcrypt
 - Image management with Cloudinary, transactional emails with Nodemailer, structured logging with Pino

★ Fully documented with Swagger, schema validation with Zod and structured logging from the start.
- Valencia Innovation Capital

Jun - Jul 2025

Frontend Developer, StartApp, Valencia

- Web interface development with React, Redux and Ant Design to connect startups and mentors · External API integration for dynamic galleries of 50+ startups and 20+ mentors

★ Team of 8 (4 Full Stack, 4 Data Science). Responsible for aligning the frontend with the data science team outputs.
- Film Director

2014 - 2025

Commercial Film Director, Valencia / Miami

11 years directing commercial productions for clients in Spain and the United States. Project management, creative teams and international budgets.
